

APRIL WINNER

# 75 Red Buckets of Surprises!

“ My organization and Carboline have a unique relationship.

Together - myself, my team, all of JCLicht, and Carboline team member Tim Aldrich have grown into a force in the Chicago Market servicing, selling, and providing projects with Carboline products the last two years.

It is a unique partnership where our rep team at JCLicht (26 members) combined with Tim's guide have been able to grow market share of industrial jobs and provide Carboline products faster, easier, and efficiently to end users than ever before.

My go-to products are Carbomastic 615 Aluminum and Carbothane 134HG like the pictures attached. ”

Tony Destefano

JCLicht
