

SEPT WINNER

# 75 Red Buckets of Surprises!

“ Carboline, I want to take a moment and say thank you for the excellent service your team has provided us here in northern California. Our sales representative Dan Zavesky has given us the best service we could of ever asked or hoped for from a business partner/vendor. Our coatings team coated the internals of a tank at PBF Refinery in Martinez, CA. We used Plasite 4550 HT and the product and service Carboline provided was top notch to say the least. We applied the Plasite 4550HT with a plural component rig that was set up with 30 gallon heated hoppers. We never had a issue with the product, maintaining temperatures, maintaining ratio or applying the liner at the appropriate mils while still maintaining the esthetics we wanted to achieve. ”
