

JULY WINNER

70 Red Buckets of Surprises!

“ I wanted to let you know what a great employee you have in Narad. He knows what products we use here at Mid-South better than some of our own employees. As you know, just this week he noticed that the primer we ordered was not the same color that we had ordered previously. I can assure you that our painters would not have checked the color number and would have sprayed our job with 2 different colors of gray. He has caught this primer color error and the gray / green on the CZ11 too many times to count over the years.

Tim, you know a lot about paint and I often rely on your knowledge of your products to help us determine what coatings to offer our customers. However in the day to day operation of keeping our plant running efficiently, Narad's attention to detail, helpfulness and great attitude are what separate you from all the other industrial paint suppliers out there. ”
